

### *Latest revised Reprints*

*All Kitehawk Workbooks are revised before each reprint.*

All Kitehawk Workbooks are revised before each reprint. Because the author is the publisher, the workbooks and website can be continuously improved.

The latest revised reprints are:

Level 1	2017
Level 2	2015
Level 3	2017
Level 4	2011
Level 5	2012

### *International Phonics*

All workbooks now use the phonics notation system of Debbie Hepplewhite which is a simple to complex Alphabetic code overview. Her website is [www.PhonicsInternational.com](http://www.PhonicsInternational.com)

### *Word-of-mouth sales*

Most new sales of the Kitehawk program come from personal recommendations.

Kitehawk is priced to cover printing, postage and website costs. The other work of the author / publisher is donated.

Please recommend the Kitehawk Program to others if you find it effective.

### *Many High Schools using Level 4 & 5 to brush up literacy skills*

Many high schools are using Level 4 and 5 workbooks as a remedial spelling, grammar, punctuation and vocabulary building program for students that have inadequate literacy skills.

### *Indigenous students use the Program for basic literacy skills.*

Many high schools, colleges, primary schools and Remote Community Schools use the Program. Kitehawk is used extensively in the prison education system and training organisations.

**'Confident spellers make confident writer and readers!'**
